

Beyond the Stick: A Rare Opportunity for Clinical Mastery

This comprehensive four-weekend intensive offers what few practitioners ever experience —authentic instruction in both traditional burning and modern smokeless techniques from Japan's rich healing tradition. Under the expert guidance of Paul Movsessian, whose 40 years of clinical experience includes training directly with Japan's master practitioners, you'll develop practical skills through extensive supervised hands-on training—transforming theoretical knowledge into clinical confidence.

”

Have you ever wondered if there was more to moxibustion than simply holding a stick over a point? Discover an entire therapeutic world waiting to be explored.

“

PAUL MOVSESSIAN

Paul Movsessian brings four decades of clinical practice and direct training with Japan's moxibustion masters including Shinma Hideo, Hirato Motohiro, and Sakamoto Koichi. This training represents acquired knowledge rarely shared outside Japan, now accessible through Paul's commitment to preserving these healing traditions.
